Is there or will there be a book about Phil And Taylor?? Absolutely loved the series! You are a brilliant author!
Case Closed Book 2 Are you grammar obsessed (more prescriptive grammar, I guess) at the Gary Lutz/David Foster Wallace level? Are there grammar rules that you still can’t seem to get a grasp on? https://www.google.com.br/imgres?imgurl=http%3A%2F%2Fwww.cezannecatalogue.com%2Fcatalogue_images%2Fmain_lg%2FR911-R911%2520La%2520Montagne%2520Sainte-Victoire%2520vue%2520des%2520Lauves%252002-06GOOD.jpg&imgrefurl=http%3A%2F%2Fwww.cezannecatalogue.com%2Fcatalogue%2FEntry%3Fid%3D885&amp;docid=1ounZlF5_2De9M&amp;tnclid=UKHKGdrRd3cK5JM%3A&amp;vet=10ahUKEwjcjqLA5d_WAhVEG5AKHbTeAzmQwgmKAAwAA..i&amp;w=1484&amp;h=1200&amp;bih=647&amp;bih=1366&amp;q=la%2
Did you cry while writing &quot;Me Before You&quot;? Sometimes when I’m writing a really emotional piece, I start crying! I certainly cried after finishing ”Me Before You&quot; but it was amazing!
Case Closed Book 2 Talking with you during our Book Club discussion of it was icing on the cake! how many pages?
I certainly hope this is not the END of this series? WKK is pretty closed-mouth about it. :(
Case Closed Book 2 Is there an epilogue anywhere? Would like to see a little more of a &quot;happily ever after&quot; for Rho and Hysan, and some insights into how the Zodiac System will reform itself to better protect Risers and promote unity.
If you were a shapeshifter what would you be?
why is this a thing?
I won’t I ask you anything. Can I? I just wanna tell you, I love how the story goes when you are the author. They grow real, they clearly define in my head. I love your masterpiece. I always waiting for your next project.
Case Closed Book 2 Two authors in the same house! Do you and Tom collaborate at all, or do you prefer to work on separate projects?
Is this book appropriate for young teens?
Is this book realistic fiction? I need a realistic fiction book for a book report and I really want to use Jack Gantos as the author, but I already read the Dead End in Norvelts.
Question: Would you write more about falconry in the future (those parts were wonderful). If not, what topic would you like to write about sometime?
Case Closed Book 2 This story has been made into a movie and it looks like a winner . has anyne read it yet?
Up to now we did not have the science to understand many of the understated things and events in the ancient writings. We are brought up to date with vital information. Are there others like this out there? why has no one made a list of all the movie titles mentioned throughout the series why agggg?????????? La Nasa fait des appels d'offres aux entreprises privées pour financer des opérations lunaires avec comme but sur le long terme d'aller sur Mars.

Case Closed Book 2 Thanks for your time,
And thanks for Ganelon and Larkspur, I hope they're there in the future books!
This was a good book what have you been taking about -- There clearly was a 2010 movie called "Red" that starred Bruce Willis about after surviving an assault from a squad of hit men, retired CIA agent Frank Moses (Bruce Willis) reassembles his old team for an all-out war. Frank reunites with old Joe (Morgan Freeman), crazy Marvin (John Malkovich) and wily Victoria (Helen Mirren) to uncover a massive conspiracy that threatens their lives. Only their expert training enables them to survive a near-impossible mission -- breaking into CIA headquarters. That is not this book.

This is a beloved book. So just why am I not loving it? I genuinely wish to keep going... but my face looking over this resembles the cover photo. They're the blandest characters (or character stand-ins) in an normally engaging story. Granted, I'm just about 60 pages in. But none of the men are grabbing my interest, and I'm having difficulty actually telling them apart - they all have the same voice/POV.

Language: mild/moderate -- a couple of mild obscenities, an f-word and a scatological obscenity Other: name-calling of whore and prostitute, drinking and smoking, mentions of hard drug use. How did the reader miss that book is set in Australia? How? OMF! This book hit home. My uncles died in the coal mines in Pennsylvania... and left behind my aunts. I was a kid, but my aunts shared with me the horrible work times and the loss of their husbands. It honestly seemed in my experience that the entire book was critically engaging with this question. I was often uncomfortable during the very first half of the book, as the xenophobic statements produced by the main character are very much in accordance with what racist people in fact say (as opposed as to the strawman racists in stories usually say). I think that's what makes so successful, though. When she starts to believe more about the social forces in her world, it packs much more of a punch.

I just fell because of this the other week. Ending paying 99 cents for a guide of his that he shouldn't have wasted his time writing.

Garrett you are none of the above mentioned (PETTY, GRAMMAR NAZI) you are natural linguist in your mind and why need more keen and passionate literary eyes like yours. I had to comment, not surprisingly being 8 months old, because as I read it the cadence was awkward, even more so when I read it out loud. I thought it had been me and brain fog Lol. I'm no expert but I believe you and Nate are both semi-correct. It begins with an introductory clause which collapses into an awkward read, usually the effect of a dangling modifier, but on closer inspection I think to blame is more of a MISPLACED modifier (the dangling modifiers' twin). Just my amateur analysis. Please don't kill me Lol, or be gentle in correcting me. I dressage, and my horse Sam and I've competed up through Prix St. George (which is the initial level competition). I'm taking care of my USDF Silver medal, which is really a lifelong dream for me personally. I only wrote one chapter from James's POV in The Ones That Got Away, and that was his starting up with Wili for the first time. To have any more inside his head was something I recently didn't think like didn't know if possibly could do. Whatever was behind his decision, it died with him. I thought it foreshadowing some future for Jane, but this thread was just left hanging. If only Robert lived for that building or something, it would have made sense. I totally trust you on this one. I would visit Perelandra or Malacandra of C. S. Lewis's space trilogy and marvel at another iteration of God's amazing creation.

I don't read or even like poetry, but it is a more narrative type of poetry, and it absolutely was super easy the writing style for me. Definitely give it a take to!
